WP5 WORKSHOP FOR EARLY STAGE FEMALE RESEARCHERS at PK “WOMEN AND SCIENTIFIC CAREER”

The WP5 workshop for PK community members, EARLY STAGE FEMALE RESEARCHERS, within the GEECCO project took place on 25th June 2019 at PK (Kraków). The training has been conducted by Sabina Pulawska-Obiedowska, the GEP Core Group member of project GEECCO at PK.

The aim of this Developing Training within WP 5 at PK was to get more awareness the importance of gender equity. At the beginning of the training, Dr Pulawska-Obiedowska has presented in few words the main assumptions of GEECCO project and some statistics on the current situation of woman at PK and definitions of existing biases and phenomenon related to gender issues. In the next sessions, participants has been working in the focus group discussion on identification of existing barriers and obstacles, which are appearing in young female researcher life and the elaboration of possible tools and solutions, that could be helpful in mitigating the existing barriers - among them the creation of network of woman at PK. In the workshop participated 3 woman – young female researchers and 2 members of GEECCO Core Group at PK.
