31-01-2020: EXECUTIVE MEETING of PK GEP Core Team leader Lidia Zakowska with PK Rector Jan Kazior.

EXECUTIVE MEETING on 31-01-2020 took place at 9.00 a.m. at PK rector office.

This meeting with Rector PK Prof. Jan Kazior went well and pretty successive:

1. Lidia has prepared and presented first document, the written request for systematic collecting and publishing PK statistical data, divided by sex, W/M. Rector accepted this and gave his Agreement by signing.
2. The second document also was prepared and presented, the written request for creating the position of CONSULTANT FOR EQUALITY, as halftime job at PK. Rector has agreed, after discussion, only to include the responsibilities and tasks of the proposed Consultant in the joint position of the Academic Mediator, as applications for this mediator are right now being proceeded. There are already 3 applications, the deadline is next days, so we will see how this will be arranged, soon.

It was an important step in building GEP at PK and a step toward GEP building success, because those two decisions fulfill two main recommended actions in interim evaluation report.

It has been concluded by GEP PK Core Team leader and PK Rector that dedicated representatives of PK senate, which are planned to be nominated next month, will monitor the next steps and progress.

Prof. Lidia Zakowska, GEP PK Core Team leader
